

SMK

UNIVERSITY OF APPLIED
SCIENCES

STUDY
at the **BIGGEST** private
higher education institution
in **LITHUANIA**, the center
of **EUROPE**

HEY!

Established in 1994, SMK is Lithuania's largest private educational institution and is proud to have risen to the very top in Lithuanian private college rankings. Our philosophy begins with recognizing the unique, special and **UNLIMITED POTENTIAL** of every student.

At SMK we educate, encourage, and empower our next generation. SMK has created an **ALTERNATIVE EXPERIENTIAL LEARNING METHOD** combining an ideal balance of theory and practice. Therefore, after graduation, every student is confident to start a successful career journey relying on their solid practical experience.

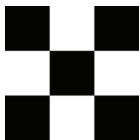

Nearing the end of its third decade, SMK continues to educate the young generation seeking to provide them with a foundation for a meaningful life. We are creating a Place where everyone could feel a creator, a Place where learning is pleasant and interesting, a Place where transfer of knowledge is supported by practical experience.

Gabija Skučaitė

Professional Bachelor's Degree Study Programmes 2023

//

The real reason why I chose SMK is the opportunities that it offers to me as an international student - not only a great study programme, but also - a friendly social environment. There are a lot of events and programmes that we, as students, can attend to, meeting people and having fun!

//
